

e-Manifest

Quarterly Webinar Series

April 30, 2025

Agenda

- Third Rule Reminders
- Electronic manifest enhancements
- Updates on Generator Registration

e-Manifest Third Rule Compliance Dates

- There are 2 important dates.
 1. **January 22, 2025** – rule effective date (6 months from when the rule was published in the Federal Register)
 2. **December 1, 2025** - delayed compliance date for changes that require e-Manifest system updates.
- All requirements will become effective at one of the two dates.
- Changes marked with the  symbol will go into effect in **January 2025**.

Effective January 22, 2025

- LQGs and SGGs must register for e-Manifest
- Users required to make post-receipt manifest corrections
- Removal of the requirement for RCRA receiving facilities to provide final manifests to LQGs and SQGs
- Adjustment to submission timeframe for manifest-related reports
- Form changes
 - 4-copy manifest
 - International shipments field
- Conforming changes to TSCA/PCB manifest requirements

Effective December 1, 2025

- Requirement to submit manifest-related reports through e-Manifest system
 - Exception
 - Discrepancy
 - Unmanifested waste
- Requirement for exporters to submit export manifests to e-Manifest and pay user fee

Revised/New FAQs

- We have posted new FAQs to the e-Manifest FAQ webpage to reflect changes to the manifest requirements finalized in the e-Manifest Third Final Rule
- We have also posted new FAQs for PCB generators registering for access to e-Manifest
- Some of the new posted FAQs include:
 - Discussion regarding the 4-copy manifest forms and continued use of 5-copy manifest forms after January 22, 2025
 - Record retention policies for PCB wastes tracked with the RCRA manifest
 - Applicability of the manifest to non-TSCA PCB waste/state-regulated PCB wastes

Setting to Scheduled Updates

- Receiving Facilities may allow Generators, Transporters, and Brokers to set manifests to Scheduled
 - This will allow Generators and Transporters to create and then immediately sign manifests without needing to request the Receiving facility to set it to scheduled.
- **New** Site Settings (under the "Other Actions" dropdown)

The screenshot shows a 'Site Settings' dialog box with a light blue header and a close button (X) in the top right corner. Inside the dialog, there is a 'TSDf Settings' section with a light gray background. Within this section, the 'Allow Other Sites to Schedule' toggle is set to 'Enabled'. A tooltip is displayed over the toggle, stating: 'Enabling this setting allows Generators, Transporters and Brokers to set the status to Scheduled on electronic manifests when this site is selected as the Designated Facility'. Below the toggle, there is a 'Last Updated' label. At the bottom right of the dialog, there are 'Save' and 'Close' buttons.

More Recent Enhancements

■ Available Now

- Manifest Image View (Camera Icon)
- Updates for Corrections Requests
- Additional searching options on the Bulk Sign pages
- Not new, but this has been coming -> In myRCRAid you can add additional site contacts, like Manifest Corrections Contact

■ Future

- Print Electronic Manifests from Dashboard (Printer icon) - Production on 5/2/2025
- Bulk Copy – future release

Mandatory SQG/LQG Registration

- Head to <https://rcrainfo.epa.gov>
- Sign up and request site access
 - [How to register video](#)
- **SQGs and LQGs must have at least one user with e-Manifest access**
 - Certifier (in the e-Manifest module) or Site Manager access is required to submit the manifest-related reports and make data corrections
- [e-Manifest Third Rule Compliance Check](#)
 - Download a list of all RCRAInfo sites that have notified as an LQG or SQG that do not have a registered Site Manager or Certifier in RCRAInfo.
- VSQGs and PCB-exclusive generators are not required to register

Mandatory SQG/LQG Registration

e-Manifest

As of 4/27/2025
