Bangor, ME. 04401

RE: Integrated Compliance Information System (ICIS) Permit #MEU508262
Maine Waste Discharge License (WDL) #W008262
License Retirement

Dear Mr. Whitney:

The Department is in receipt of your November 29, 2018, electronic mail message requesting the Department retire the WDL/ICIS permit for your waste water disposal field located in Gray, Maine. By this letter, the Department is retiring WDL #W008262/ICIS permit #ME008262 last renewed on December 17, 2013, and issued to Pineland Farms Potato Company Inc. and subsequently transferred to Pineland Farms Dairy Company on June 22, 2017.

We will be inactivating the facility in our database so that Discharge Monitoring Reports and billing statements are not sent to you in the future.

By copy of this letter, we are notifying the Environmental Protection Agency that we are terminating your WDL/ICIS permit.

Please be advised that a license may be needed from this Department for any future discharge of pollutants from this facility to the surface waters or ground waters of the State of Maine, either under current ownership or new ownership. Any new license would be based on the characteristics of the effluent being discharges and the impacts of the discharge on the quality of the receiving water.

Sincerely,

Gregg Wood
Division of Water Quality Management
Bureau of Water Quality
