Subject: EPRI comments: draft PSNH Merrimack FGD wastewater treatment permit
Date: 02/28/2012 04:07 PM

Attachments: [EPRI Merrimack Comments_Feb 2012.pdf](#)

The Electric Power Research Institute (EPRI) appreciates the opportunity to provide comments to the Environmental Protection Agency on the draft determination of technology-based effluent limits for FGD wastewater at Public Service of New Hampshire Merrimack Station. EPRI focused our analyses on the physical/chemical and biological FGD wastewater treatment cost/benefit assessment, and our comments are presented in the attached pdf file. We are also sending a hard copy of our comments via overnight delivery.

If you have any questions, please contact myself at 650 855 2362 or pchu@epri.com.
