Reporting Form for any Alaska Native, who already may take a marine mammal under the MMPA and ESA (Section B of the MPRSA General Permit)

Alaska Natives engaged in subsistence uses of marine mammals, who already may take a marine mammal under the Marine Mammal Protection Act (MMPA) and Endangered Species Act (ESA), must submit a report on all disposal activities authorized under Section B of the MPRSA general permit conducted in the prior calendar year. Reports must be submitted to EPA Region 10 within 30 days after the end of the calendar year. Alaska Natives may use this reporting form to submit reports to EPA Region 10.

Upon completion, this form should be emailed to EPA's Region 10 MPRSA coordinator.

For additional information on the MPRSA general permit, including Region 10 points of contact and frequently asked questions, please visit EPA's website: https://www.epa.gov/marine-protection-permitting/ocean-disposal-marine-mammal-and-sea-turtle-carcasses.

Please note: The MPRSA general permit does not require disposal of marine mammal carcasses in ocean waters; it merely authorizes ocean disposal when there is a need for such disposal.

Number and type of carcasses disposed in ocean waters:

Description of the general vicinity in which the carcasses were disposed:

Person in charge of ocean disposal operation:

Name:

Contact information:

Under the MPRSA General Permit for Ocean Disposal of Marine Mammal and Sea Turtle Carcasses [90 FR 31998], permittees are required to report to EPA on ocean disposal of marine mammal and sea turtle carcasses within 30 days of disposal. Information you provide on this form will satisfy these reporting requirements. The information collection in this form is subject to the Paperwork Reduction Act and requires a currently valid control number from the Office of Management and Budget. The control number is 2040-0008. Whether you respond using this form is voluntary.
