Title: DPW Superintendent / Town Engineer

Date: 4/28/06

Part II. Self-Assessment

2005 - The Town has made progress or completed some activity for the majority of the proposed BMP's for the third year. There was "No Activity" for 5 BMP's with scheduled activity during this year, but some of this was offset by activity in other areas not originally proposed. The changes to the Planning Board and Sub-Division Regulations are still pending, however, now that the Town By-Law Review and Revision process is complete, the Town can now also begin the process of developing regulations and procedures to implement and enforce a Storm Water Program. Developing the drafts for these regulations will be the primary focus for year 4.

South Hadley is now also a member of the newly formed Connecticut River Stormwater Subcommittee (CRSS). This is a subcommittee of the Connecticut River Cleanup Committee (CRCC) of which South Hadley is also a member. Both committees are in conjunction with the Pioneer Valley Planning Commission (PVPC). The Stormwater Subcommittee is comprised of eight member communities. Together with the PVPC, the group will work together to develop public education materials and a public outreach campaign to meet the requirements of the NPDES Phase II regulations on both a community and regional scale.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
1 Revised	Informational Brochures	DPW/ML	Reduce litter and contaminants in system	I/I Fact Sheet on Sump Pumps and Downspouts posted with copies available at various Town Offices.	No scheduled activity for year 4, however most likely something by CRSS.
2 Revised	Stuffer into sewer bills	DPW /ML	Increased access to information	Notice on Sewer Bills sent out in October on the elimination of sump pumps, downspouts and yard drains.	Notice to be included on the October 2006 Sewer Bill.
3 Revised	Website Development	DPW / ML Cable / TA	Increased access to information	No Activity.	Website is up and running however, stormwater was not part of the original design and did not get included. MIS will evaluate options.
4 Revised	Stencil catchbasins	DPW / JB	Reduction of illegal discharges	No Activity.	Will develop stencil and initiate program in key areas.
5 Revised	School Curricular / flyers <i>Participation in the Connecticut River SW Subcommittee in conjunction with PVPC</i>	DPW /ML DPW/ML	Increased awareness of requirements Increased awareness of SW issues on a larger regional scale.	Attended bimonthly meetings of CRSS. So far, committee has applied for an educational grant through EPA, has obtained DEP approval for use of outreach materials, and has prepared outreach material for newspaper publication.	Dissemination of outreach material to newspapers and member community access channels; will be pursuing other avenues on a regional basis.

1a. Additions

2	Lawn & Garden Activities	DPW / ML, JS ConCom	Increased access to information Reduce contaminants in system	First Program completed April 23, 2005 with delivery and pickup of rain barrels by residents. Healthy Lawns workshop held on April 28 th (with DEP). Applied for a DEP Grant and initiated a second Rain Barrel Program at discounted prices (offset with DEP funds).	Posting of Lawn Care items on Cable access channel. Finish this years Rain Barrel Program.
1					

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
6	TV spots and postings	DPW / ML Cable / TA	Increase public awareness and access to information	Continued posting general information on Stormwater Program. Additional airings of EPA video "After the Storm". General Template and locations identified for South Hadley SW Video.	Air information on environmentally friendly lawn care. Continue airing EPA Video "After the Storm". Air outreach material from CRSS & PVPC.
Revised					
7	Public Meetings	DPW / GK Bd of selectmen Planning Bd/RH	Increase public input and awareness	Fall Town Meeting – approved changes to Town By-Laws – Sewer, including storm, changed to Regulations, needing only Board of Selectmen approval.	No scheduled activity for year 4.
Revised
