

Appendix II: Endangered Species Act: County Species List

The following list identifies listed or proposed U.S. species by State and County. If you are located close to the border of a county or your site is located in one county and your discharge points are located in another, you must look under both counties. This list has been updated through October 2004. However, since species are listed and de-listed periodically, you will need the most current list at the time you are conducting your endangered species assessment. The Endangered Species Home Page is located at: <http://endangered.fws.gov/>. Species listed below with a status of both endangered (E) and threatened (T) are generally either endangered or threatened within the specified county. Designation of critical habitat (CH) does not mean that the county constitutes critical habitat, only that CH has been designated for that for that species.
